Abex Pop-Up Display

abex 300 350
EXPOSURE POP-UP SYSTEM SERIES

The Abex 300 and Abex 350 add a new dimension in flexibility to portable displays. Each system is a building block which can be easily reconfigured to meet specific space requirements and design needs from linear to island exhibits.

The Abex 300/350 Series is a portable, versatile pop-up display that can be assembled in minutes without special tools or equipment. Available in curved or straight frames, the Abex 300 Series offers an aluminum frame designed for maximum strength and minimum weight. Each unit packs into its own sturdy, rotomolded case that can be checked with your airline baggage or couriered. Available in a variety of sizes and styles, the Abex 300/350 Series can be tailored to meet your needs with accessories and custom graphics.

Light. Portable. Smart. Abex offers the features that are most important to you: easy set up, lightweight shipments and designs that are impossible to overlook.

Multiple case options to suit your every need. Left: 4300 case with rear storage access.

Do you have a display problem? ... FACE it!
