## ZigZag brochure displays

ZigZag Zip is a freestanding brochure holder with 6 polycarbonate trays in A4 format. For a larger display add another set of trays, in either symmetrical or offset configuration.

The optional Poster Clip attachment fastens prints on the underside of each tray so the display is always advertising your products... even if you have run out of brochures! One poster clip is included.

Flag ZigZag combines a brochure display with 500mm info poster which can be printed single or double sided to reinforce that marketing message.

Collapsible ZigZag displays are available in A4 or A3 format and perfect for a display that needs to pack down and move!
